Subject: Reminder to Submit your Annual Report for 2012 SLAB exports

Dear US Primary Exporter of Spent Lead Acid Batteries:

As you are aware, a primary exporter of spent lead acid batteries (SLABs) is required to file with the United States Environmental Protection Agency (EPA) an Annual Report of any export shipments of SLABs by March 1 of the year following any actual export(s), under 40 CFR Sections 262.56 and 262.87(a) of EPA regulations.

Our records indicate that during 2012 you had a valid consent for the export of SLABs. If you did export SLABs during calendar year 2012 your Annual Report is due by March 1, 2013. If you did not export SLABs during 2012, please send us an email stating that your company did not export SLABs during calendar year 2012. Your submission should be mailed to me at the address shown below or e-mailed to Scott Nelson at [nelson.scott@epa.gov](mailto:nelson.scott@epa.gov) no later than March 1, 2013.

Exporters that shipped SLABs to Canada, Mexico, or any country not belonging to the Organization for Economic Cooperation and Development (OECD) must submit an annual report containing all items of information found at 40 CFR Sections 262.56 (a)(1) through (4), (6) and (b). Exporters that shipped SLABs to OECD Member countries other than Canada or Mexico must submit an annual report containing all items of information found at 40 CFR Section 262.87(a). Annual Reports not meeting these requirements, as applicable, will be returned as deficient. Failure to file a timely and accurate annual report of SLAB exports can result in a penalty of up to \$32,500 per day.
